

**2024 Partnership Proposal** 

After a triumphant return last year in 2023 following a three-year hiatus due to fires and floods, our highly anticipated community event is set to dazzle once again. This year, festivities will take place at the Lismore Turf Club on June 16, with additional activities planned for the CBD on Saturday, June 15. A progressive dinner around the streets of Lismore is also planned for Thursday 20 June, as part of our 'A Week of Winter Wonder' in Lismore, culminating in the 30th Lismore Lantern Parade on Saturday, June 22nd.

### Why Partner with Lismore Friendship Festival Inc?

The Lismore Friendship Festival Inc. is an exhilarating community initiative dedicated to celebrating our shared historical Italian heritage in the Northern Rivers of NSW. This is your opportunity to become part of this community festival; to put your brand forward in a new location in a fresh and exciting way that shows your desire to be part of building Lismore back better!

Our festival honours Lismore's enduring friendship with Conegliano & Vittorio Veneto in northern Italy, recognising the invaluable contributions of Italian settlers to our district. Rooted in engagement with all residents and visitors, our theme offers individuals, businesses, and government entities a unique opportunity to invest in our community's cultural vitality. We collaborate closely with Lismore City Council to strengthen our friendship-city relationships.

This an invitation to be part of the excitement and become a partner in a major celebration of this community's diversity and spirit.

## Our target audience:

The target audience encompasses all age groups within the Lismore and regional community, providing an intergenerational reach. Additionally, promotional efforts extend to residents in S.E. Queensland, the Mid North Coast, and the Granite Belt of Queensland through conventional media and various social media platforms.

Organisers strive to cultivate an inclusive environment where guests can come together, actively participate, and enjoy themselves as a unified community. By celebrating our diverse heritage and embracing aspects of other cultures, we aim to underscore the positive impacts of immigration on our community.

Work this year will include targeting Grey Nomads to enticing them to stay for a whole week in Lismore at the Lismore Showgrounds which is set up to accommodate these guests.

Expanding our audience beyond the event itself is a key long-term objective for the organisers, particularly targeting Italy. It is our hope that one day, LisAmore will become a destination on their travel itineraries, further fostering international connections and cultural exchange.

#### The importance of social capital:

In the aftermath of the 2022 floods, social capital becomes increasingly vital for community resilience and cohesion. Events and festivals serve as invaluable opportunities for us to unite and rebuild. The Lismore Friendship Festival's LisAmore!, in particular, offers a sanctuary from the routine of daily life, where individuals can come together to share laughter, dance, and form connections with strangers. It is this sense of joy and camaraderie that we strive to cultivate.

Moreover, beyond the intangible benefits of social bonding, the festival also plays a significant role in bolstering the local economy. By engaging event managers, designers, and media outlets, we contribute to the growth of Lismore's creative economy. Additionally, the influx of guests amplifies tourism numbers, providing exposure to accommodation providers and small businesses, thus further stimulating economic activity in the region.
